Re: Title IV Student Financial Eligibility
Eastern Wyoming College

To Whom It May Concern:

Wyoming Statutes establish the Wyoming Community College Commission as the coordinating and oversight agency for the seven community colleges in the state. Those statutes also set out the requirements for the establishing and continued operation of a community college in the state.

I hereby submit that Eastern Wyoming College is a duly constituted community college in the State of Wyoming and in compliance with the laws related to its creation and continued operation.

I am not aware of any conditions or circumstances related to the operation and governance of Eastern Wyoming College that prevent it from being considered fully compliant with all state and federal regulations governing the access and use of Title IV funds.

Please let me know if you have any questions. Thank you.

Best wishes,
