

Veterinary Technology Graduate Survey Responses 2006-2007

Please indicate to what extent your education at EWC satisfactorily prepared you in the following areas. Also indicate whether the knowledge/skill is important to you in your work pursuits.

Preparedness Scale

1. Excellent
2. Good
3. Fair
4. Poor

Importance Scale

1. Much Importance
2. Moderate Importance
3. Little Importance
4. No Importance

Knowledge/Skill	Preparedness				Average	Importance				Average
	1	2	3	4	(1-4)	1	2	3	4	(1-4)
Knowledge										
General veterinary medicine	4				1.00	4				1.00
Drugs/vaccines	1	2	1		2.00	4				1.00
Equipment	1	3			1.75	2	2			1.50
Animal classes and breeds	2	2			1.50	1	3			1.75
Technical Skills										
Animal handling/restraint	3	1			1.25	4				1.00
Emergency procedures	1		3		2.50	3	1			1.25
Laboratory skills	2	2			1.50	2	2			1.50
Radiology	1	3			1.75	1	3			1.75
Anesthesia	1	2	1		2.00	4				1.00
Surgical assistance	2	1	1		1.75	2		2		2.00
Client relations	1		2	1	2.75	1	3			1.75
Record keeping	1		2	1	2.75	1	3			1.75

Graduate Survey 2006-07
Veterinary Technology Students Comments (Unedited)**

Question #2 In which areas do you perceive that you were best prepared?

- Animal handling/restraint except on handling mean animals
- Laboratory skills and Anesthesia.

Question #3 In which areas do you perceive that you were least prepared?

- Client relationships need to spend a little more time in teaching because not everything is with the animals where I work I am a receptionist about a ¼ of the time
- Large animal vaccine and emergency procedures.

Question #4 What topics might we offer in our curriculum or continuing education seminars which would increase a technician's effectiveness?

- More large animal courses.
