FEATURED

Nursing Resource Center

[Nursing Resource Center](#) contains a combined 3,451,104 articles available for searching as well as information on common drugs and diseases.

STAT!Ref The premier healthcare e-source

[STAT!Ref](#) has searchable ebooks, Stedman's medical Dictionary, MedCalc 3000, and nursing podcasts that assist students in preparing for the NCLEX-RN.

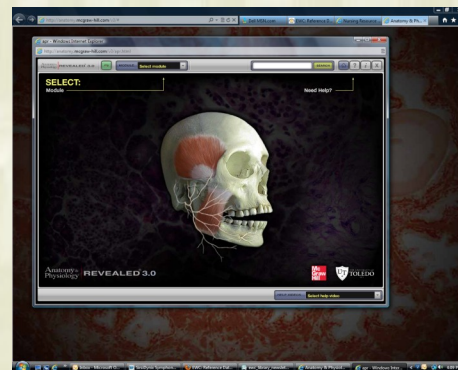

[Health Source: Nursing / Academic edition](#) provides nearly 550 scholarly full text journals focusing on many medical disciplines. Also features the *Lexi-PAL Drug Guide*, which covers 1,300 generic drug patient education sheets with more than 4,700 brand names.

[UpToDate](#) is an evidence-based knowledge system authored by physicians to help clinicians make the right decisions at the point of care. All content is written and edited by a global community of 5,100 physicians, world-renowned experts in their specialties. Supported by UpToDate's 46 in-house physician editors, these authors follow a rigorous editorial process, continually reviewing the content to ensure it is of the highest quality and based on the latest evidence.

[Science Direct](#) contains more than 10 million journal articles and book chapters. Check out the health sciences subject area.

[Anatomy & Physiology Revealed](#) take a virtual tour of the body from the skeletal system to the muscular system and quiz yourself over it!

"The trained nurse has become one of the great blessings of humanity, taking a place beside the physician and the priest..."
~William Osler
